

# QL Multi Propeller Auswahltable

Anmerkung: Einige Motoren gibt es mit zwei verschiedenen Getriebegehäusen. Obwohl diese Motoren normalerweise mit einem Standardgetriebegehäuse geliefert werden, sind sie auch mit größeren Gehäusen wie 'Bigfoot', 'High Thrust' oder ähnlichen erhältlich. Die folgende Liste führt die Propeller auf, die für Standardgetriebegehäuse geeignet sind, wenn nichts anderes vermerkt ist. Achten Sie darauf, dass die Steigung des QL Multipropellers Ihren Anforderungen entspricht!

## Durchmesser und Steigung für alle Modelle:

41101841/ 41101842	10,4" x 12-16"	
41101862	10,4" x 12-16"
