

DELPHIA
Mindful Cruising

MARTIN SCHEMKES

Brand Director

Delphia boats promise a new way of cruising in inland waters and at sea: calm, aware, respectful of the environment and of others. Agreeing to slow down means giving yourself the opportunity to gain in serenity, to live more intensely the moments spent on the water. It is a desire that we sense in some people, and one that goes hand in hand with greater ecological awareness.

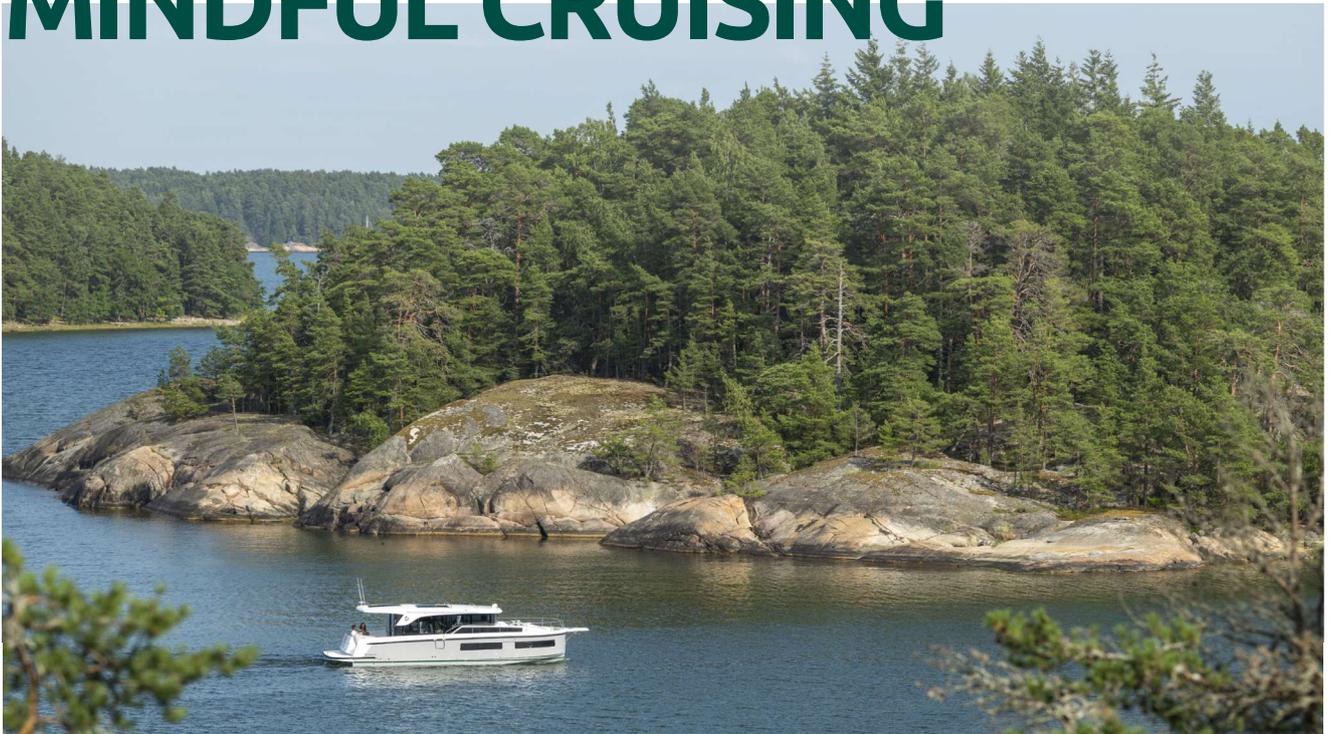

The introduction of new, more sustainable materials, the constant concern to control the environmental impact of boating, minimised energy consumption thanks to an optimised hull shape and reduced cruising speed are our first responses to the new expectations of these customers”

We believe that deceleration is the key to enjoyable and relaxing cruising at sea. That is why we give owners and passengers the opportunity to enjoy moments of pleasure on boats designed for comfort, convenience and ease of use. Our teams are constantly looking for innovations and more durable materials to give you the best possible cruising experience.

Inspired by nature, Delphia aims to offer its customers an unprecedented level of relaxation on board, characterised by the use of intelligent solutions and sustainable materials. At Delphia, we call this 'Mindful Cruising'.

MINDFUL CRUISING

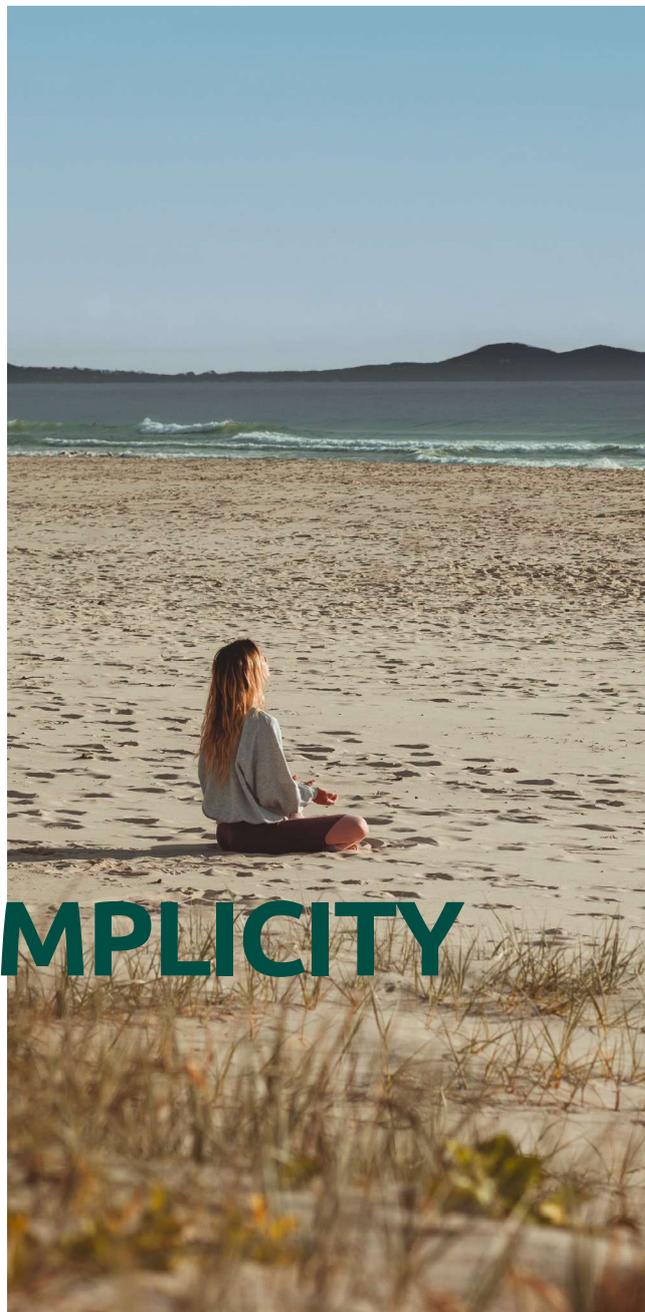

MINDFULNESS

Rekindle the sacred bond with your essence and those dear, allowing the dance of genuine moments to unfold in the tranquil embrace of serenity. Amidst the ethereal sanctuary of Delphia, discover the art of leisurely cruising: a blissful communion with nature, where every ripple echoes the harmonious melody of a home found in the heart, away from the mundane.

ADVANCED SIMPLICITY

We believe in advanced simplicity and peaceful cruising. Embark on a voyage though to make your life onboard easier. From safety to ergonomics, our boats are crafted to live an experience in complete serenity.

COLLECTION

Our boats are designed for you, to slow down in style and comfort. Open yourself to the inland waterway and cruises at sea in a greener way. See our collection of boats >

Complete cockpit enclosure system

ELECTRIC CONCEPT

Performances: DELPHIA 11 models

Delphia has developed 3 different electric systems to fit different use cases and available infrastructure

*All data are based on sea trials in MLC condition, flat seas, no wind, sea and outside temperature below 10° celsius and may vary due to water density and type of propeller

“Life” represents a first step in Delphia’s conscious boating for boaters who use their boats in limited boating areas, such as lakes, urban areas or who tend to enjoy short cruises or day trips.

LIFE

Electric motor **55,10 kW (80 HP)**

Battery capacity **38 kWh**

Charger **3.2 kW (1 x 16 A)**

RANGE

SPEED	TIME	DISTANCE
6 km/h (3.2 kts)	14h00	85 km (46 nm)
8 km/h (4.3 kts)	7h00	56 km (28 nm)
10 km/h (5.5 kts)	3h30	35 km (19 nm)
12 km/h (6.5 kts)	1h45	24 km (13 nm)

CHARGING TIME [3.2 kW]

Destination charge
(40 - 80%)

5 H

Realistic charge
(20 - 100%)

10.5 H

Full charge
(0 - 100%)

12 H

Electric motor **55 kW (80 HP)**

Battery capacity **76 kWh**

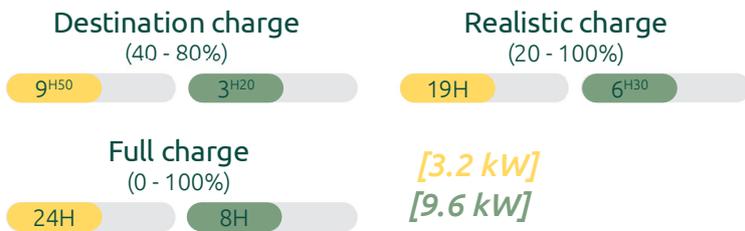

Charger **3 x 3.2 kW (1 x 16 A / 3 x 16 A)**

RANGE

SPEED	TIME	DISTANCE
6 km/h (3.2 kts)	28h00	168 km (91 nm)
8 km/h (4.3 kts)	14h00	112 km (60 nm)
10 km/h (5.5 kts)	7h00	70 km (38 nm)
12 km/h (6.5 kts)	3h30	42 km (23 nm)

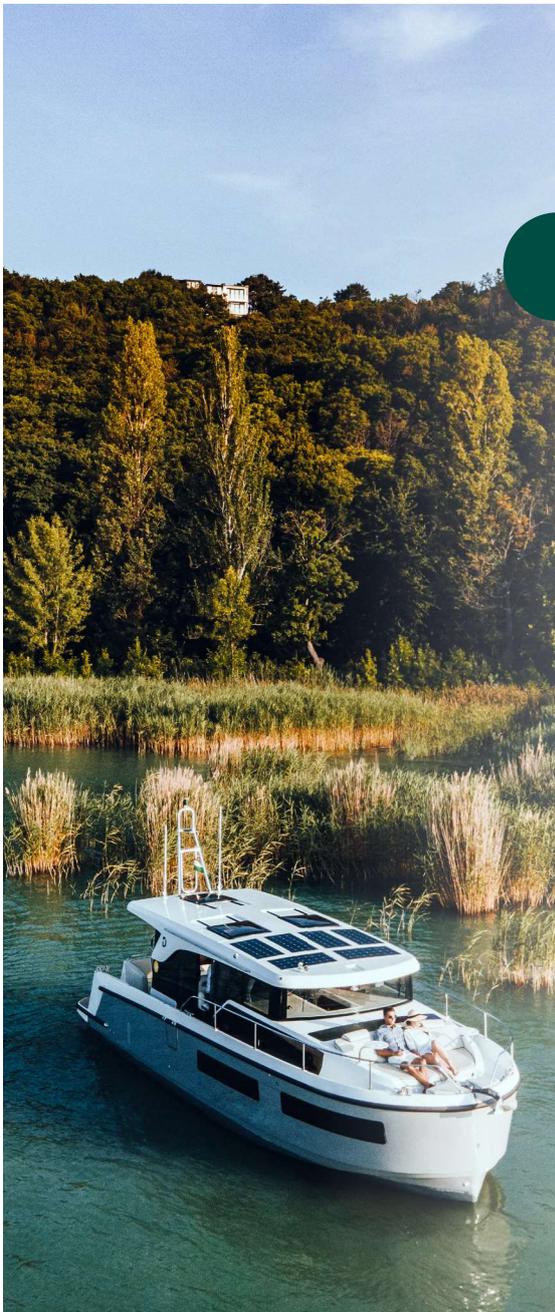

CHARGING TIME

CRUISE

The «Cruise» system is designed for explorers who like to take their loved ones to isolated bays or remote villages, and who are looking for greater autonomy and additional features.

“Rapid” system, looks to the future – meaning, those owners who navigate in areas where infrastructure is already in place for fast charging.

RAPID

Electric motor **55 kW (80 HP)**

Battery capacity **76 kWh**

Charger **20 kW (32 A)**

RANGE

SPEED	TIME	DISTANCE
6 km/h (3.2 kts)	28h00	168 km (91 nm)
8 km/h (4.3 kts)	14h00	112 km (60 nm)
10 km/h (5.5 kts)	7h00	70 km (38 nm)
12 km/h (6.5 kts)	3h30	42 km (23 nm)

CHARGING TIME [20 kW]

Destination charge
(40 - 80%)

1.5 H
