

**DELPHIA**  
*Mindful Cruising*

# MARTIN SCHEMKES

Brand Director

Delphia boats promise a new way of cruising in inland waters and at sea: calm, aware, respectful of the environment and of others. Agreeing to slow down means giving yourself the opportunity to gain in serenity, to live more intensely the moments spent on the water. It is a desire that we sense in some people, and one that goes hand in hand with greater ecological awareness.

The introduction of new, more sustainable materials, the constant concern to control the environmental impact of boating, minimised energy consumption thanks to an optimised hull shape and reduced cruising speed are our first responses to the new expectations of these customers”

We believe that deceleration is the key to enjoyable and relaxing cruising at sea. That is why we give owners and passengers the opportunity to enjoy moments of pleasure on boats designed for comfort, convenience and ease of use. Our teams are constantly looking for innovations and more durable materials to give you the best possible cruising experience.

Inspired by nature, Delphia aims to offer its customers an unprecedented level of relaxation on board, characterised by the use of intelligent solutions and sustainable materials. At Delphia, we call this 'Mindful Cruising'.

# MINDFUL CRUISING

# MINDFULNESS

Rekindle the sacred bond with your essence and those dear, allowing the dance of genuine moments to unfold in the tranquil embrace of serenity. Amidst the ethereal sanctuary of Delphia, discover the art of leisurely cruising: a blissful communion with nature, where every ripple echoes the harmonious melody of a home found in the heart, away from the mundane.

# ADVANCED SIMPLICITY

We believe in advanced simplicity and peaceful cruising. Embark on a voyage though to make your life onboard easier. From safety to ergonomics, our boats are crafted to live an experience in complete serenity.

# COLLECTION

**Our boats are designed for you, to slow down in style and comfort. Open yourself to the inland waterway and cruises at sea in a greener way. See our collection of boats >**

# DELPHIA 10 LOUNGE

## The ultimate urban getaway

The Delphia 10 Lounge is designed to bring you moments of harmony from the heart of the city to the surrounding countryside...

With its displacement hull, it glides silently through canals and inland waters and along sheltered coastal areas. It allows you to get up close and personal with the local wildlife and to enjoy a calm and serene environment.

Designed for sharing special moments with loved ones, the Delphia 10 Lounge can accommodate up to twelve people thanks to generous and clever main deck layout. Its interior spaces reveals a bright owner's cabin as well as a guest cabin or an office

and an outstanding bathroom including a shower room. The perfect layout for relaxing voyage over several days.

To make your stay as comfortable as possible, the boat has plenty of storage space and a large rear platform that can safely accommodate and recharge up to 2 electric bikes.

The Delphia 10 Lounge offers two propulsion systems: combustion or electric (Torqeedo) which is ideal for urban navigation as well as coastal cruising.
